

## 3M Safety-Walk General Purpose Black 610 Tape

### Product Code:

652066

### Specifications:

Black, 25mm x 18.3m  
Other sizes and types available

### Features & Benefits:

Reduce slips and falls with this 3M anti-slip tape. Black, mineral-coated, slip-resistant polyester surface, backed by a pressure-sensitive adhesive that is easy to apply. Highly durable, with a low profile design to reduce trip hazard.

**Applications:** For use in light to heavy shoe-traffic areas, stairs, ramps, entrances, running boards, ladders, heavy equipment, construction machinery and vehicles.

### Technical Information:

Typical Properties:	Avg. Measured Values:
Applied Thickness	0.711mm
Applied Weight	732g/m <sup>2</sup>
Minimum Application Temperature	4°C
Maximum Service Temperature	79°C
Fire Retardancy:	
NFPA 101	Type 1
GSA Classification	Class A
FAA 25.855-F-1	Passes
Coefficient of Friction:	
Mil-D-17951 E	Meets or exceeds
Chemical Resistance	Resists most chemicals
