

Dunnage Bags

Product Code & Size:

355000 - 900 x 1200mm 355001 - 2100 x 900mm

Description:

Large inflatable brown paper bags for filling voids and acting as a load securing system.

Features & Benefits:

A convenient and cost effective way to ensure protection of goods in transit.

Dunnage bags can be used in containers, trailers, trains and ships.

The bags provide a cushion, protecting loads against impact, bracing loads and preventing movement.

Re-usable valve allows multiple use of bags.

Inflation is quick and easy.

Technical Information:

Construction - 3 ply paper and plastic liner
