PROTECTIVE HEADWEAR HARD HATS

RANGE AVAILABILITY

PHHV6 - PinLock Harness Option

HH6 / HHV6 - ProLock Harness Option

PROLOCK OR PINLOCK?

Because the easily adjusted ProLock harness extends below the rim of the hard hat, in certain circumstances, this may restrict head movement when looking up. In this case PinLock may be more suitable.

TECHNICAL SPECS

PRODUCTS CODES

HH6 / HHV6 – Hard Hat with ProLock Harness
PHHV6 – Vented Hard Hat with PinLock Harness

Colours Available

NOTE: Black one that it is only available with prolock harness option

APPROVALS

AS/NZS 1801 Lic 20500

FEATURES AND BENEFITS

Choice of ProLock or PinLock Harness	Our vented hard hats are available with our patented ProLock harness and with traditional PinLock harness.
Range of Colours	Our ProChoice hard hats are available in a range of colours, which can be assigned to location, job or industry for easy identification. Colours available are White, Blue, Yellow, Red, Green, Orange, Fluro Yellow and now Black.
Vented	Air vents and cotton sweatband prevents perspiration build up.
Extended Peak	The extended peak provides added protection.

HARD HAT PRINTING SERVICE

The need to distinguish workers in various occupations on a work site can be for safety or convenience. For example, having a safety officer readily identified by the colour of their hard hat can improve efficiencies; while being aware of who is a visitor or sub-contractor can improve security.

To further enhance these advantages, ProChoice now offers a pad printing and a vinyl printing service that can customise hard hats – before a customer takes delivery.

Speak to your ProChoice sales representative about adding value to your hard hat sales by utilizing our pad printing or vinyl cut print service.

INDUSTRY APPLICATIONS

- Site works
- Construction
- Rigging
- Mining
- Building sites
- Cleaning
- Repair and maintenance work
