

PRODUCT SPECIFICATION.

Adelaide S1 CODE: 311400

Description: Sports style lace-up ankle shoe with padded collar.

Colour: Black with Silver trim.

Upper Material: Extensive use of Microfiber and mesh materials that allows the foot to expel heat build up and perspiration constantly.

Baltico® linings: This item is fully lined with Baltico®, which is a soft to touch, non-abrasive, hydrophobic material that wicks perspiration away from the foot, enabling the skin to remain cool and dry.

Sole: Directly moulded Polyurethane midsole for greater shock absorption.

Anti-static Thermoplastic Urethane (TPU) outsole for superior wear properties. It is also heat resistant to (130°C). The outsole is fitted with an "external torsion shank".

Width Fitting: Wide.

Toe: Composite toecap that complies with EN 12568

Standards: AS/NZS 2210.3 2009 classification: S1 SRA • EN ISO 20345: 2005 classification: S1 SRA • ASTM 2413 classification: M I/75 C/75 SD

Insole: Flexible heavy-duty anti-bacterial non-woven insole.

Lacing: Non-metallic.

Trisole™ Comfort Technology (TCT™): TCT™ is a three density soling system that offers a high level of comfort, shock absorbency and energy return. TCT™ uses PORON® as energy absorbing pads under the pressure points of the foot to give the wearer superior comfort. TCT™ offers similar shock absorbency to sports footwear.

Full Innersole: A full length footbed that is inserted into the footwear to offer additional support and comfort. This footbed is made from soft polyurethane that will retain its shape and thickness throughout the life of the boot.
