Film Width	mm	330 (+/-5mm)	Measuring Tape
Roll Length	M	600	
Roll Weight	kg	2.07 (+/- 5%)	Electronic Scale
Packing Configuration		Six Rolls packed into an outer corrugated case	
Rolls per pallet		39 Cases of Six rolls per pallet	
Storage		<p>Before film is used it should be kept out of direct natural light/sunlight and in a well-ventilated area at temperatures ideally less than 35 degrees Celsius unless specified otherwise.</p> <p>Refer to Storage, Handling and useful life of PVC and Polyethylene Films guideline document.</p>	
Product Stewardship and Recyclability		<p>Currently the PVC flexible packaging cannot be disposed of in kerbside collections. As it stands there is no viable industrial plastics recycler collecting PVC material in New Zealand for recycling. The product is accepted into the Soft Plastic Recycling stream which is targeted at the consumer level.</p> <p>Cardboard cores can be recycled by industrial recyclers if the film and tape is removed.</p> <p>Cardboard layer pads and wrapping used as packaging on the pallet can be recycled using industrial recyclers</p>
