

Absorbent Pillows

Absorb large spills and capture drips from leaking machinery or taps with a SpillTech® Absorbent Pillow.

- 💧 SpillTech® Absorbent Pillows are designed for quick and effective clean-up of large spills or for placing under dripping/leaking machinery, containers and taps.
- 💧 Pillows come with an eyelet that can be used to tie the pillow in place.
- 💧 SpillTech® Absorbent Pillows are available in 3 varieties for use in different applications:
 - 💧 Oil Only (white) - Absorbs fuels, oils, vegetable oils and non-water soluble liquids, while repelling water. Can be used on land and water. Excellent addition to any Oil Only spill kit or for removing oil from stormwater drains.
 - 💧 Chemical (yellow) - Absorbs harsh chemicals such as acids and alkalis. For use on land only.
 - 💧 Universal (grey) - Absorbs all liquids spills and ideal when faced with multiple or unknown liquid spills. For use on land only.
