

ECONOMY PACKAGING TAPE

IDH 908872, 908873, 908875

February 2016

DESCRIPTION

Cellux® Economy Packaging Tape is a bi-axially oriented polypropylene packaging tape with an acrylic adhesive. The adhesive is stable at low temperatures and has excellent U.V resistance/long life characteristics. It is available in brown and clear.

SPECIFICATIONS

Backing:	25 micron BOPP
Adhesive:	Emulsion Acrylic
Adhesion to Steel:	700 g / 25mm width
Tensile Strength:	7.25 kg / 25mm width
Elongation at break (%):	150%
Temperature Resistance:	-40°C to +60°C

APPLICATIONS

- Sealing of cartons and other packaging mediums
- Ideal for cool store/freezer applications
- Ideal for long term warehouse storage
- Not suitable for direct exposure to unwrapped food products

The information supplied is accurate to the best of knowledge and is based upon current data. Properties quoted are typical and do not therefore, constitute a specification. Customers are recommended to complete their own assessment of the product for its intended application under their own conditions. Please refer to the Conditions of Sale for further information.

The conditions under which this product is stored affect its performance. Storage should be in dry, well ventilated rooms with a reasonably consistent temperature around 20°C and protected from continuous exposure to direct sunlight. The product should always be applied to clean, dry and grease free surfaces.
