**Unit of Measure:**  
Pair

**Inner Quantity:**  
12

**Shipper Quantity:**  
72

**Liner Material:**  
Nylon

**Palm Material:**  
Polyurethane

**Grip:**  
Textured

A polyurethane-coated liner is designed to be worn continuously for precision tasks on objects that need to stay clean and free of fingerprints. The BO500B has a PU dip only on the palm and fingertips of the glove which allows the joints of the hand to move freely. The black colour is better suited for those working in dirtier environments. The gloves anatomical shape facilitates movement along with the seamless liner helps to prevent irritation, all held in place by a seamless liner.
