

Steplite® X Solidgrip Blue

FEATURES

- + **Non-metallic toe cap for optimal crush protection**
- + **Lightweight, wide fitting boot**
- + **Increased slip resistance SRC**
- + **Reinforced sole for protection from punctures**

Made with NEOTANE® technology, these boots are significantly lighter than boots made with other materials. The weight of boots has direct impact on the comfort one experiences whilst wearing. The Bekina boots have a sealed front, making them strong and impermeable on the outside, have a light and insulating structure, and have a self-regulating thermal process on the inside of the boots.

OVERVIEW

RAW MATERIAL:
NEOTANE (proprietary polyurethane compound).

MATERIAL MAKE UP:
PU coating on polyester fabric.

GRIP:
Excellent grip on wet or dry surfaces. Increased slip resistance (SRC).

APPLICATIONS:
• Food Processing

ITEM NUMBER:
ZAN3P/5353 - (EU SIZE)
