

# Adelaide

TPU / Composite | 311400

The Adelaide is a men's sport style lace-up composite safety shoe.

## Upper Materials

Extensive use of Microfiber and mesh materials that allows the foot to expel heat build up and perspiration constantly.

## Toe Cap

200J Composite Toe Cap

## Lining Materials

This boot is lined with Baltico®, a soft, non-abrasive, hydrophobic material that wicks perspiration away from the foot, keeping the skin cool and dry.

## Full Innersole

A full-length footbed is inserted into the footwear to provide additional support and comfort. This footbed is made from soft polyurethane, which will retain its shape and thickness throughout the life of the boot.

## Insole

Heavy-duty, flexible, antibacterial, non-woven insole.

## Midsole

Directly moulded polyurethane midsole for greater shock absorption.

## Outsole

Anti-Static Thermoplastic Polyurethane (TPU) Outsole for superior wear properties and heat resistant to 130°C.

## Trisole® Comfort Technology

The Steel Blue soling system is a patented three-density soling system that provides a high level of comfort, shock absorbency, and energy return. The system uses PORON® as energy-absorbing pads placed under the pressure points of the foot to deliver superior comfort and offers shock absorbency comparable to that of sports footwear.

## Safety Boot Features

Airport Friendly

Composite Toe Cap

TPU Outsole

Slip + Oil Resistant

Anti-Static

Lace Up

## Colours Available

● Black
