

The MAXVUE range offers an innovative and unique feature of a built-in reading diopter that combines protection, comfort, and convenience to workers who require safety and reading glasses on the job. Made from high impact-resistant polycarbonate, the lightweight frame has a rimless design and combined with our signature Flexi-Max co-moulded temples, provide a comfortable and secure fit. They are also colour-coded, making each temple easy to differentiate between the five varying diopter strengths made available.

KEY FEATURES

- ❖ Ultra lightweight frame
- ❖ One piece, 10 base curve lens
- ❖ Co-moulded flexible and pressure-free temples
